Re: *Developing a Unified Intercarrier Compensation Regime*, WC Docket  
No. 01-92; *IP-Enabled Services*, WC Docket No. 04-36

Dear Ms. Dortch:

On April 9, 2008, Hank Hultquist, Brian Benison, and Jack Zinman, representing AT&T Inc., (AT&T) met with the following members of the Wireline Competition Bureau to discuss the above-referenced dockets: Jay Atkinson, Randy Clarke, Lynne Engledow, Victoria Goldberg Al Lewis, Marcus Maher and Deena Shetler. In particular, we explained that regulatory uncertainty regarding the proper intercarrier compensation payments applicable to Voice over Internet Protocol (VoIP) traffic is distorting competition in the communications marketplace. Consistent with the positions AT&T has advocated in the above-referenced proceedings, we also discussed the Commission's substantive and procedural options for addressing VoIP intercarrier compensation issues in a manner that takes the Commission a step closer to its overall goal of migrating towards a more unified rate structure through comprehensive intercarrier compensation reform.

If you have any questions or need additional information, please do not hesitate to contact me. Pursuant to section 1.1206 of the Commission's rules, this letter is being filed electronically with the Commission.

Sincerely,

/s/

Jack Zinman
